Brewer, Maine 04412

RE: Joining Member Assets Managed by the MRC in the Second Quarter of 2019: Financial Statements and Distributions

Dear Members of the Committee:

CommonWealth Resource Management Corporation (CRMC) herein presents financial statements and cash distributions payable through the second quarter of 2019 for the assets of the Joining Members held by the MRC. The Joining Members include 84 municipalities and public entities that have elected to enter into Joinder Agreements with the MRC for management of their MSW on and after April 1, 2018. The MRC manages various assets of the Joining Members, including their shares of various funds and assets as described herein. The assets include a site and related infrastructure in Hampden, Maine, owned by the MRC on behalf of the Joining Members, which site (the Site) is being leased to Coastal Resources of Maine, LLC (Coastal, which was formed by Fiberight, LLC, and its equity investor) pursuant to a Restated and Amended Site Lease. Coastal is constructing and starting up a processing facility on the Site (the Hampden Facility) that would accept MSW from the Joining Members in accordance with a Master Waste Supply Agreement between Coastal and the MRC. The MRC also manages reserve funds being held on behalf of the Joining Members consistent with the Joinder Agreements.

Regarding the administration of funds on behalf of Joining Members, CRMC offers the following recommendations:

1. Distribute $\mathbf{\$ 1 0 4 , 6 2 9 . 3 7}$ to Joining Members to reduce the effective net disposal costs by $\$ 5$ per ton for Joining Members that were Equity Charter Municipalities, and by $\$ 3$ per ton for those Joining Members that were New Charter Municipalities, per Exhibit B to the Joinder Agreements.
2. Make payments from the Custody Account of $\mathbf{\$ 4 7 , 6 6 6 . 5 9}$ directly to Joining Members to reimburse budgeted fee collections lost as a result of interim transportation arrangements, all per Exhibit B to the Joinder Agreements.
3. Transfer $\mathbf{\$ 2 0 0 , 0 0 0}$ from the Tip Fee Stabilization Fund to the Custody Account to fund these distribution payments and other forthcoming payments for incremental transportation.

The remainder of this letter provides the basis for these recommendations, including

- Financial statements for the MRC as of July 1, 2019 and prior quarters (see Tables 1 and 2).
- Basis for distributions to Joining Members (see Table 3).
- Status of the Bridge Waste Reserve Fund for payments to haulers for extra services provided, and lost fee revenues, for Joining Members related to interim transportation arrangements through the second quarter of 2019 (Table 4).
- Projection of the unrestricted cash balance in the Tip Fee Stabilization Fund and Custody Account Basis net of committed funds and projected payables through the projected Commercial Operation Date (COD) (Table 5).

The letter also presents the resources available to meet the reserve fund requirements of the Joinder Agreements.

## MRC quarterly financial statements

Table 1 presents balance sheets for the end of the second quarter of 2019 and preceding quarters since the start of 2018 in a format that reflects the financial statements prepared by the MRC's auditor. In certain cases, prior statements have been adjusted for consistency with the auditor's recommendations. As shown, as of July 1, 2019:

- The balance in the Custody Account at Bangor Savings Bank was $\mathbf{\$ 1 4 8 , 1 6 4 . 7 6}$.
- The Cash Sweep Account at People's United Bank, which had been used to accumulate interest from the Cash Collateral Account and to pay bank fees, has been closed, and the balance transferred to the Cash Collateral Agency Account (see below).
- The value of the Tip Fee Stabilization Fund, including accrued income through July 1,2019 , was $\$ \mathbf{8}, \mathbf{4 4 7 , 9 6 2 . 5 6}$, including $\mathbf{\$ 8 , 4 0 8 , 6 9 4 . 6 8}$ market value of investments and cash, and $\$ \mathbf{3 9}, \mathbf{2 6 7 . 9 6}$ in accrued interest. The MRC is required under the Site Lease to maintain a balance with a market value of at least $\$ 4.0$ million in this fund. The market value of fund holdings as of July 1, 2019, included:
- $\mathbf{\$ 5 , 7 9 4 , 5 4 4 . 0 0}$ in U.S. Treasury bills with maturities of up to two years.
- $\mathbf{\$ 1 , 6 0 2 , 0 6 2 . 3 8}$ in brokered bank certificates of deposits with maturities of up to two years.
- $\mathbf{\$ 1 , 0 1 2 , 0 7 8 . 3 0}$ in liquid money market funds.
- The balance in the MRC Operating Budget Stabilization Fund, also held at People's United Bank) was $\mathbf{\$ 9 5 , 1 8 0 . 9 4}$. The balance is held in a liquid money market fund and is available for withdrawal if needed.
- The balance in the Cash Collateral Agency Account, which serves as the Delivery Sufficiency Fund under the Master Waste Supply Agreement, was $\mathbf{\$ 3 , 0 4 6 , 6 1 0 . 5 7}$. In May 2019, funds were transferred into the Cash Collateral Agency Account from a predecessor account, the Cash Collateral Account, in order to increase interest earnings. This Fund is held at People's United Bank separately from other MRC assets as required by Schedule B to the Joinder Agreements and by the Master Waste Supply Agreement and the Site Lease, in order to serve as security for certain MRC payment obligations under those agreements. The funds are held in an account in the name of Coastal Resources of Maine, LLC for benefit of the MRC, with transactions controlled by a new agreement between the MRC, Coastal and Fiberight, which is the Agreement Regarding the Cash Collateral Account dated April 15, 2019 (the CCA Agreement). In accordance with the CCA Agreement:
- The Cash Collateral Agency Account shall maintain a minimum market value of $\$ 3.0$ million.
- Funds are held in U.S. Treasury notes of not more than 12 months duration, laddered so that one note reaches maturity each quarter, with supplementary cash held in a money market fund invested in U.S. Treasury notes.
- The MRC can direct Coastal to transfer funds in excess of the minimum market value requirement to the MRC Operating Account. The amount transferred would depend on the overall market value of the Fund. The MRC would maintain a cash margin to prepared for anticipated fluctuations in the market value of individual U.S. Treasury notes.

The predecessor Cash Collateral Account was closed and the Direct Account Control Agreement that controlled that account was terminated during the second quarter of 2019.

Table 1 shows accounts receivables in the amount of $\mathbf{\$ 3 1 6 . 6 3}$ for tip fees collected by Coastal and payable to the MRC under Section 6 of Exhibit B to the Master Waste Supply Agreement that have not yet been received by the MRC.

Table 1 shows the book value of $\mathbf{\$ 5 , 5 6 6 , 2 5 7 . 0 0}$ for the Site owned by the MRC, as improved for development of the Hampden Facility, on the basis of past expenditures for site acquisition and infrastructure development. The book value at the end of the quarter reflects adjustments during the quarter for payments to the Hampden Water District and return of deposited funds previously paid to Emera, Inc., in excess of what was required to provide electric service to the Site.

The Net Position of the joint venture includes the amounts in the accounts listed above net of the amounts payable shown below.

Table 2 presents the additions (revenues) and deductions (expenditures) of the joint venture for the second quarter of 2019 and preceding quarters. The excess of revenues over expenditures, as adjusted for changes in balance sheet items, is reconciled with the change in the Net Position over each quarter. Table 2 also shows transfers to the MRC Operating Fund in prior quarters to support the costs of negotiating and implementing the Settlement Agreement and otherwise wind up arrangements between the Charter Municipalities and PERC under the Extended Agreements.

## Distributions, payments and amounts payable

Table 3 shows amounts payable by the MRC to Joining Members as follows

- $\mathbf{\$ 1 0 4 , 6 2 9 . 3 7}$ for distribution to Joining Members to reduce the effective net disposal costs by $\$ 5$ per ton for those Joining Members that were Equity Charter Municipalities and by $\$ 3$ per ton for those Joining Members that were New Charter Municipalities (see Table 3). In the Joinder Agreements, Exhibit B, Section 2(c), the MRC is obligated to make such payments in the first 36 months after the Commercial Operation Date, which has not yet occurred. This distribution, which would be made before the Commercial Operation Date, would be made at the discretion of the MRC Board rather than to meet any contractual obligation.
- $\$ 47,666.59$ for payment to the Cities of Bangor and Brewer and the Towns of Hampden and Orono, to reimburse budgeted fees not collected as a consequence of the interim transportation arrangements.

As shown in Table 4, the MRC recognized expenses in the second quarter of $\mathbf{\$ 1 3 8 , 7 8 9 . 4 2}$, of which $\mathbf{\$ 6 2 , 4 7 5 . 6 9}$ was payable at the end of the quarter, for incremental transportation costs associated with interim transportation arrangements, all in accordance with Exhibit B to the Joinder Agreements.

## Reserve fund requirements and resources

As of July 1, 2019, the MRC was able to satisfy the requirements for reserve funds in Exhibit B, Section 2 of the Joinder Agreements as follows:

| Reserve fund requirement | Resources |
| :--- | :--- |
| $\$ 5.0$ million for actual expenditures <br> for acquisition of the site and <br> development of related infrastructure | Satisfied by prior expenditure in 2016 and 2017 |
| $\$ 1.167$ million as the Closure Reserve <br> Fund | Actual expenses were funded by expenditures <br> from the Operating Fund in previous quarters. |

As of July 1, 2019, the Custody Account had a balance of $\mathbf{\$ 1 4 8 , 1 6 4 . 7 6}$, with amounts payables from the account of $\mathbf{\$ 1 5 2 , 2 9 5 . 9 6}$ in distributions and $\mathbf{\$ 6 2 , 4 7 5 . 6 9}$ of incremental transportation costs. CRMC recommends that the MRC transfer $\mathbf{\$ 2 0 0 , 0 0 0 . 0 0}$ from the Tip Fee Stabilization Fund to the Custody Account to make these payments and leave a margin for future payables.

If you have any further questions, please feel free to contact me.

Sincerely,

George H. Aronson
Principal
